## Concept and definitions:

1. **Labour Force** : The labour force is composed of the economically active population 15 years of age and over
2. **The Economically Active Population** : Is defined as those persons who are/were employed or unemployed during the reference period of the survey.
3. **Employed**: A person (during the reference period) worked as played employee, employers, own account workers (self employed), or unpaid family worker is said to be employed. This includes a person with a job but were absent from that job during that period on a temporary basis such as persons who during the reference period were sick , on vacation, maternity leave, strike or temporarily laid off.
4. **Unemployed** : Persons available and /or looking for work , and who did not work but taken steps during last 4 weeks to find a job and ready to accept a job if given a work opportunity within next two weeks .
5. **Reference Period** :  
  
Current Reference Period : The week preceding the week of the survey; i.e. last week.
6. **Not in the Labour Force (not economically active)** : A person who was neither working nor available / looking for a job are classified as "not in the labour force". Persons are not in the labour force for such reasons as full time care of the household ,full time students, retired or Old age , infirmed or disabled , or are not interested in working for one reason or another (Current and usual definitions apply)
7. **Underemployment** : is defined based on hours of working in his occupation/Economic activity. i.e. The persons who are willing and able to work beyond the total hours work.
8. **Informal Sector** : If the institute of the employed person is not officially registered, and if the institute does not keep formal accounts and if the institute has less than 10 regular employees then the institute is define as an informal sector institute.
